JRC Dataset

GHS built-up grid input data, Landsat multitemporal collections (1975-1990-2000-2014), R2018A

Description:
Multi-temporal information layers on footprint and metadata of Landsat scenes used in the production of GHS BUILT grid R2018A. The scenes are organised in image data collections, and were prepared by the Global Land Survey (GLS1975, GLS1990, GLS2000) and by the JRC (Landsat 8 collection for 2014).
