JRC Dataset

LF431 - Share of built-up area over the total land (LUISA Platform REF2014)

Description:
Built-up areas measures the total built-up area as a share of the total surface area of land in the country expressed in percentage. The indicator presents data for the year 2010, 2020, 2030, 2040 and 2050 at NUTSx for all EU 28 Member States.
