

JRC Dataset

FOODSECURE - Food and nutrition security in long term perspective

Description:

FOODSECURE is an interdisciplinary research FP7 project exploring the future of global food and nutrition security. The JRC contributes, among other topics, with this interactive infographic that presents the results from an assessment of the FOODSECURE scenarios which measure the food and nutrition security on a long-term horizon (forthcoming scientific article "Measuring Food and Nutrition Security and Sustainability in Long-Term Projections: An Assessment of the FoodSecure Scenarios." -Shutes et al.).
