

Dataset collection

TACIS INSC PHARE IPA Nuclear Safety

Description:

The core business of the TIPINS information system is a database containing information about Nuclear Safety Contracts financed by the European Union and implemented by DEVCO and ELARG. The information about the contracts is accessible to all anonymous visitors. Specific information about the training and tutoring activities (courses, subjects, students and lecturers) is also available for authenticated users.

Datasets organisation:

Each dataset has a dedicated web-interface that can be accessed from the general menu of the website. These web-interfaces allow search, filtering of results, basic data visualisation and data export as CSV file.

Contact point name:

Jorge Tanarro Colodron
